CAREER OBJECTIVE

Self-motivated, highly passionate, and hardworking fresher seeking an opportunity to work in a challenging organization where I can utilize my skills and knowledge to contribute to the growth of the organization.

PROJECTS

Food Recipe   Link

Developed a responsive web application using ReactJS and MongoDB, alongside HTML, CSS, and JavaScript. The app enables users to search, filter, and view recipes with dynamic content updates. Enhanced user experience through interactive features and an intuitive design.

Real-Estate Management System   Link

Created a real estate management platform using Django, PostgreSQL, and Bootstrap. Features include user management, property listings, detailed property pages, and secure password handling.

Job Consultancy System   Link

Built a job consultancy platform with Java Servlets, JSP, and MySQL, featuring modules for admin, employers, and job seekers. Implemented user management, job posting, and application tracking to streamline the job search and hiring process.

EDUCATION

2020 - 2024	Bachelor's Degree in CSE(AI) at **KL University,AP**	(CGPA: 8.87)
2018 - 2020	Class 12th, BIEAP at **Deeksha Jr College,AP**	(CGPA: 7.94)
2018	Class 10th, BSEAP at **Gowtama School,AP**	(CGPA: 9.5)

PUBLICATIONS

SPEAKER VERIFICATION IN REAL-WORLD APPLICATIONS - 06/2023   Link

Developed a robust speaker verification system using Gaussian Mixture Models (GMMs) and Deep Neural Networks (DNNs). The system effectively authenticates speakers based on unique vocal characteristics, incorporating channel normalization and handset variability adjustments. This project highlights significant advancements in biometric authentication, with practical applications in secure, user-friendly identity verification.

SKILLS

Technical Skills :	C, Java, Python, C++ basic, ReactJs, MySQL, HTML, CSS.
Soft Skills :	Communication, teamwork, problem-solving, Adaptability, Time Management.
